German/English, 64 pages, 14.8 × 21 cm, numerous illustrations in color (approx. 100), softcover
Texts by Severin Dünser, Eva Ebersberger, Steven Guermeur, Michael Hausenblas, Ruth Horak, Peter Weiermair
Graphic design: Severin Dünser
Publication date: 2005

The photographic works by the Austrian artist Angelika Krinzinger evoke examples of 19th century systematic and scientific photography. Seen from very close up, the skin surfaces, mouths, nipples, eyes, etc. are shot so that they light up like untouchable, highly vulnerable natural phenomena in all their amazing beauty. The artist has added these detailed body shots to fragmented portraits that refer less to specific individuals than to the constitution of the human body—primarily in socially determined sense.

Published on the occasion of the exhibition by Angelika Krinzinger at Krinzinger Projekte, Vienna, November 2004 until Feburary 2005
